Les Tailles 2022

Cabernet Franc on the mountainous rocks of Black Anjou in the heart of the Coteaux du Layon.

AOP	ANJOU
VARIETY	CABERNET FRANC
VILLAGE	SAINT LAMBERT DU LATTAY
VINYARD	LES TAILLES
BEDROCK	SCHIST & QUARTZ
ORIENTATION	EAST
CERTIFICATIONS	ORGANIC WINE CERTIFIED BY ECOCERT FR-BIO-01 AND IN BIODYNAMIC CONVERSION BIODYVIN

VITICULTURE

- Guyot Poussard pruning
- Manual disbudding, lifting and leaf removal
- Manual harvest at high phenolic maturity
- Harvest date: 30 September 2022
- Yield: 40hl/ha

VINIFICATION

- Maceration of 11 days and gentle infusion. 25% whole bunch. 80% destemmed.
- Malolactic fermentation and ageing for 10 months in underground tanks and terracotta amphora
- Bottling: 25 July 2023
- Number of bottles: 6300

ANALYSES

- 13% by vol - 0,3g sugar/L - 2,4g/L total acidity - 0,27g/L volatile acidity - 50mg/L total SO₂

SERVING & TASTING

- Black cherry colour with purple hues
- On the nose, red fruits, floral notes of jasmine, peony rose, spices and graphite characteristic of Cabernet on schist
- Very structured palate, silky tannins of great finesse. Salivating finish carried by a lovely freshness
- To pair with h beef, small game, fatty fish, terrines
- To be served at about 17°C

Les Tailles 2022

Cabernet Franc on the mountainous rocks of Black Anjou in the heart of the Coteaux du Layon.

HISTORY

The historical heart of the estate is located in Saint Lambert, in the heart of the Layon hillsides. Our flagship grape variety is of course Chenin Blanc. However, we are lucky and specific in having old Cabernet vines planted by Francis, Vincent's father and Emmanuel's grandfather. We are therefore here on old Cabernet Franc vines, some of which were planted in the 1950s. We want to make a red wine full of sap and freshness, expressing the flowery character and graphite of the Cabernet Franc on a schist terroir.

TERROIR

Les Tailles, situated to the east of the commune of Saint Lambert, on the banks of the Hyrôme, a small tributary of the Layon, are soils of Brioverian Sandstone Schist, rich in Quartz.

OUR WORK

The soil here is tilled perfectly. We sow oats and rye. The vines are carefully thinned out. The vigour and yield are naturally limited. The viticulture must be exemplary. The grapes are harvested by hand at the end of September. We wait for the berries to reach full maturity. The Cabernet Franc always retains its freshness on these soils.

In the cellar, the grapes are delicately destemmed for 80% and then vatted in our concrete tanks. This is followed by a long, gentle, 11-days maceration in infusion without remontage and breaking of the cap. The malolactic fermentation then takes place in underground tiled vats followed by a 10 months ageing also in vats. Bottling takes place in July 2023 after a gentle earth filtration.

THE WINE

This is a structured, fresh and flowery Cabernet Franc.

On the nose, precise red fruit mingles with fine floral notes of jasmine and pink peony, nuanced with spices and graphite typical of Cabernet on schist. On the palate, the wine very silky and fleshy with a thin structure.
